OBJECTIVE

As a recent graduate with a Bachelor's in Computer Application, I possess robust skills in Java full-stack technology and extensive knowledge of Salesforce. My leadership abilities, strong problem-solving skills, and effective communication make me well-suited for the tech industry.

PROJECTS

Chytebytes Android Application

eWe've created a mobile app called 'ChatBytes' to help users find solutions to tech problems online. The app also generates AI suggestions to enhance the user experience

Biofuel Supply Chain

Built a green biofuel supply system using Java and Angular , streamlining product management, order processing, and user authentication. Implemented cost-effective and eco-friendly solutions, contributing to a sustainable future.
